

Numeracy Gr 1

Activity 2: Numbers to 20

Materials Needed:

- Beans, cubes or counters; a dice; grids below.

Task Instructions:

Print off the grid below.

When it's your turn put your counter on 1. Roll the dice, and move that many spaces. Move your counter to that number. How close to 20 can you get without going over 20? Start with the 1-20 grid, and move to the 1-40 as your child gets more comfortable.

1	2	3	4	5	6	7	8	9	10
