

Numeracy K Weekly Activities

Activity 2: Numbers to 10

Materials Needed:

- Beans, cubes or counters

Task Instructions:

Print off the grid below.

When it's your turn hide a number under your cube or bean. Ask the other person to tell you what the hidden number is. Start with the 1-10 strip, then move up to the 1-20 and the 1-40 as your child gets more comfortable.
