

Welcome Families!

NURTURING YOUR CHILD'S LITERACY DEVELOPMENT @HOME

We invite you to explore these *literacy invitations* with your child as you slowly nudge them to build their independence. These first few experiences are intended to be playful literacy explorations that feature **STORIES TO INSPIRE** young writers and storytellers. Children are given opportunities to explore a variety of materials to *create and share* their thinking, feelings, and ideas as well as chances to *go beyond* and read, tell, write or create more. We encourage your child to revisit these invitations often. In addition to occasional parent/caregiver "tips", you will notice *literacy routines* that include:

READ/LISTEN/VIEW
CHOICE READING

STORYMAKING &
STORYTELLING

BOOKMAKING &
WRITER'S NOTEBOOK
