

# Physical Health Education – Obstacle Course

<b>Curriculum:</b> Physical Health Education	<b>Learning Goals:</b> -Participate daily in physical activity at moderate to vigorous intensity levels -Develop and demonstrate a variety of fundamental movement skills in a variety of physical activities and environments
---	--

<b>Materials</b>
-Safe space for movement (indoors OR outdoors) -Objects from around the home to use as obstacles

<b>Activities</b>
Goal: To move from the beginning to the end of the obstacle course while dodging the obstacles.
To create obstacle course: -Put down an object to mark the beginning of the obstacle course. -Place 4 objects down to weave in and out of. -Find an object you can crawl OVER -Place 2 objects down that you can hop over -Find an object that you can crawl UNDER -Put down an object to mark the ending of the obstacle course. See sample below

Begin obstacle! Once you are done – can you try it backwards? Can you challenge someone in your household to do the obstacle course?

Ask: Where else could you create an obstacle course?

**Extension:**

Create your own obstacle course with some of these movement challenges:

- Balancing
- Jumping
- Turning

What other movements can you think to add to an obstacle course?
