<b>Materials</b> Blank paper Pencil Ruler Markers For Extension Activity: Found objects around the house
--

<b>Activities</b> Halloween is just around the corner! Your challenge is to design an interior map of a spooky haunted house. From a bird's eye view perspective plan out your dwelling using blank paper, pencil and ruler.  Think about: -what is the style and size of your house? -how many rooms will your house have? -what unique feature will your haunted house have? Some ideas...secret passageway, potion room, hidden trap door, spooky attic with lots of cobwebs, creaky doors opened a tiny bit, etc  Things to remember: -include a legend showing 5-8 symbols and what they represent -include a compass -label any cool features in the haunted house -create a spooky and unusual name for your haunted house  For inspirational ideas click on the links <a href="https://www.youtube.com/watch?v=-QzyddZH2io">https://www.youtube.com/watch?v=-QzyddZH2io</a> <a href="https://www.youtube.com/watch?v=tPWZJJo19Js">https://www.youtube.com/watch?v=tPWZJJo19Js</a>  <b>Extensions:</b> Make your haunted house come alive! From found objects around your house, create a 3D model of one of your favorite rooms from your haunted house map.
