

Physical Health and Education – Workout Dice

Curriculum: Physical and Health Education	Learning Goals: -Develop and apply a variety of fundamental movement skills in a variety of physical activities and environments. -Develop and apply a variety of movement concepts and strategies in different physical activities.
---	---

Materials
-Paper -Scissors -Glue or tape -Safe space for exercises

Activities
Focus: Move your Body!

-Visit and read these two webpages: https://kidshealth.org/en/kids/fit-kid.html?WT.ac=ctg#catfit https://kidshealth.org/en/kids/work-it-out.html?WT.ac=ctg#catfit
-A combination of aerobic and strengthening activities will improve your health and well-being!
-You are going to create a dice with aerobic or strengthening activities on each side.
-Use the attached template or create your own template
-Pick three moderate or vigorous aerobic activities and three strengthening activities to write/draw on your dice. Pick from the examples below or pick your own activities.
<ul style="list-style-type: none">- Moderate and vigorous aerobic activities strengthen your heart and lungs (e.g. dancing, jump rope, tuck jumps, jumping jacks, jog on the spot)- Strengthening activities strengthen your muscles (e.g. push-ups, sit ups, lunges, squats, plank)
-Cut out and assemble cube.
-Roll your workout dice. Do the workout it lands on. Do 5-15 repetitions for strengthening activities. Do 20-30 repetitions for the aerobic activities.
Extension: It is essential to our well-being to have enough physical activity, sleep, and down time each day. Visit the Build Your Best Day website to create a schedule for your dream day!
