

Explorations

Grade Level: 2/3

Curricular Area: Visual and Performing Arts

Title of Lesson: Playing with Sounds

- Make a list of sounds that you can hear when you are outside your home, in the yard/balcony or on the street. For each sound, pick a musical instrument that you think could recreate that sound. Write a second list of musical instruments that match the sounds that you hear.
- Echo sing the patterns you hear with the following link. Select the “La-Sol-Mi-Re-Do” tab first: <https://musicplayonline.com/solfa-practice-echo-sing/>
- Imagine you are in a particular place where you would hear lots of particular sounds (e.g. in the city; in a forest with sounds of birds and leaves rustling). Recreate the sounds that you might hear using objects that you have at home. Write down your sounds and the instruments/objects you used to recreate the sounds, or if possible send a recording of yourself making the sounds and say what each sound is supposed to be.
