

Numeracy Grade 2 Oct 5

Activity 1: Skip Counting by 5's

Materials Needed:

- Paint and a large piece of paper or cardboard.

Task Instructions:

Have your child build a skip counting poster by making colourful hand prints on a piece of paper, then writing the multiples of 5 in order going up to 100.

Ask questions after the child has painted:

- How many hands are there on your poster?
- How many fingers are there?
- Can you use this poster to skip count up to 100?
- How many fingers on 4 hands?
- How many fingers on 8 hands?
- How many fingers on 10 hands?

If you haven't had too much screen time this week, consider learning this song together:
