Activity 2: Which Gourd Doesn't Belong

Materials Needed:

- image below

Task Instructions:

Examine this image carefully with your child.

-Discuss the following questions:

What do you notice about the picture?

What makes all the items alike? Discuss the attributes of shape, size, colour, texture, pattern....

What makes them different?

Which one doesn't belong? Can you make an argument for each gourd in the collection?

Extension: Find more WODB activities [here](#). Have your child make their own WODB and explain it.

Parent Tip: Read about Christopher Danielson's excellent book and the background behind Which One Doesn't Belong [here](#).
