

Grade 4 Science  
Week of October 19– October 22

**Inquiry Project**

Explanation of Inquiry Projects: <https://youtu.be/NtE0es3r7CY>

**Instructions:**

- Select a project for this unit from the list below. Click on the picture to open the project.
- Each project should be in **ONE** file (often a WORD document) where all data, pictures, scans, etc.....are inserted into this document. It should be clearly named and completed.
- Check with your teacher if you wish to deviate from the project list.

	<p><b>Can you listen to sounds and figure out where they are coming from like a bat?</b></p> <p>Topics: Animal Senses, Sound, Waves</p>
	<p><b>How can we use recycled materials to construct instruments that make sound?</b></p> <p>Topics: Music, Senses, Sound, Waves</p>
	<p><b>Imagine you had a friend with no feeling. How would you describe how something felt?</b></p> <p>Topics: Senses, Texture, Touch</p>
	<p><b>Can you identify what you are eating with your eyes closed and our nose plugged?</b></p> <p>Topics: Senses, Sight, Smell, Taste</p>
