

THREE WAYS TO READ A BOOK

READING TO YOURSELF

*Everyone can be a reader and can create stories.
Stories can be told through pictures and words.*

EVERY DAY
is a reading day!

GATHER MATERIALS

- Any books that you have at home, from the public library, from friends or family, or from the online learning resource links [here](#).

READ!

We are going to work on building our "reading stamina" and increase the amount of time we spend reading each day. Did you know that here are 3 ways to read a book? You can:

Read the pictures

Read the words

Retell the story

- CHOOSE the books you'd like to read. Choose at least one where you can read the words. You can find "just right" books for you [here](#).
- WATCH video 2 "Read for 3 minutes" [here](#) and find out about the three different ways to read your book.
- Start reading!

GO BEYOND

- Draw or write about the book you read. You could draw/write about your favourite part or, if you are reading a non-fiction book, you could draw/write what you learned.
- Keep reading to grow your reading stamina everyday!

Parent Corner

Remember:

- Reading is the most accessible and beneficial learning activity you can provide your child.
- It takes time to build reading stamina.
- Encourage your child and celebrate what they can do.
- Go slow! Talk to your child about what they are reading, the number of minutes they read, and what they like about reading.
