

Physical & Health Education – Level Up!

Curriculum: Physical Health Education	Learning Goals: -Participate daily in physical activity at moderate to vigorous intensity levels
Materials	
-Safe space for movement (indoors or outdoors) -Video: https://www.youtube.com/watch?v=DO-R5EfG_N4&app=desktop	
Activities	
	
<p>-Try this Level Up! Exercise video</p> <p>-This exercise video turns a video game into a physical activity challenge. <u>Brainstorm what else you could turn into a physical activity challenge.</u> An easier challenge could be going to a certain spot in your home. For example, you could create an obstacle course to get to and from your bedroom. This would encourage you to be physically active throughout the day each time you needed to enter or exit your room. A harder challenge would be to do specific movements when you hear different words. For example, when you hear the word “okay” you do 5 jumping jacks, when you hear the word “eat” you do 5 pencil jumps, etc.</p> <p>-Pick one idea from your brainstorm. Create a physical activity challenge out of this idea.</p> <p>-Complete the physical activity challenge that you created. Have a grown-up, sibling, or peer complete your physical activity challenge.</p>	
Extension: -Try Level Up 2! Exercise video
