

Explorations – Winter Village (Gr.5)

Learning Goals:

- Demonstrate curiosity about the natural world
- Transform ideas and information to create original work
- Create artistic work collaboratively or as an individual using ideas inspired by imagination, inquiry, experimentation and purposeful play

Materials

Paper
Pencil
Felts, colored pencils, crayons

Activities

You are exploring the North Pole and discover a snowy winter village. Draw your village on a piece of paper. You may include:

- Special buildings and stores
- Landmarks
- Roadways and special paths for snowmobiles, sleds
- Public transportation (bus, train, etc)

**Use your creativity
and have fun!**

THE NORTH POLE

Share your winter village with your family, teacher, and or peers.
Explain how you created your village.

Extension: Create a 3D model of your imaginary village. Remember to add all of the snowy details!
