

Grade 6 Mathematics  
Week of December 14 – December 18

**Unit 3 Inquiry Project Continued**

**Lesson Materials**

- Lesson for Section [Unit 3 Inquiry Project](#)

Choose one or two inquiry topics that you didn't choose last week.

Use the link above to open the lessons for this section. Remember: on the lesson page, use the arrow next to the "Table of Contents" at the **top of the page** to move through the lessons. You can also click on the Table of Contents to open the menu so you can jump to a specific lesson page.

[G4T](#) > [Modules](#) > [Mathematics](#) > 1.1 Place Value

The screenshot shows a lesson page for 'Introduction to Numbers' on WCLN.ca. The page has a dark header with the title and a 'Table of Contents' button with a right-pointing arrow, which is highlighted with a red box. Below the header, there is a paragraph of text: 'Numbers are all around us. They serve very different purposes depending on how they are used. A number is a mathematical object used to count, measure or label.' Below this text is a table with three columns: 'Count', 'Measure', and 'Label'. The 'Count' column contains a dash '-'. The 'Measure' column contains 'centimeter' and 'decimeter'. The 'Label' column contains a small image of a landscape.

Work through the online lessons. You can work at your own pace or follow the suggested schedule below. Complete the activities in your Learning Guide as you work through the lessons. You can print the Learning Guide, or, copy out the questions on a separate piece of paper. Be sure to try the games and practice quizzes as you make your way through the online lesson book.

**Suggested Lesson Schedule**
