https://youtu.be/w6JFRiOQm_s

Learning From Videos

Directions:

1. As you watch the video, on the right-hand side, take notes on the person’s life. Don’t try to record every detail – just 8 or so main points. See if information is presented sequentially.
2. After you are done, see if you can add headings to the left, in the boxes under “Early Life” to categorize the information.
