

I LOST MY TOOTH

Using language in creative and playful ways helps us understand how language works.

Listening and speaking builds our understanding and helps us to learn.

Language and story can be a source of creativity and joy.

GATHER MATERIALS

- One of your pre made books or some stapled sheets of paper
- Writing and drawing tools

LISTEN AND THINK

Read along with I Lost My Tooth An Unlimited Squirrels Adventure by Mo Willems. Think about a time when you lost one of your teeth. How did it happen? How did you feel? When do you predict you might lose your next tooth?

CREATE & SHARE

Create your own "Big Story" about :

- losing your own tooth or
- another version of what happened to zoom squirrel's tooth.

Use speech bubbles like Mo Willems. He also likes to write VERY LARGE sized words to show excitement or to show the characters using a louder voice. You might want to try that too!

- How will you end your story? Will there be a Part 2 or another chapter?
- Share your story with someone.

GO BEYOND

Write another adventure about one of the other "Unlimited Squirrels" like zap, zip, zing, click or Norman!
