

HEY, WATER!

I KNOW YOU, YOU'RE ALL AROUND

Using language in creative and playful ways helps us understand how language works.

Language and story can be a source of creativity and joy.

Through listening and speaking, we connect with others and share our world.

GATHER MATERIALS

- Paper
- Drawing and writing tools
- Alphabet chart

LISTEN AND IMAGINE

Where does water come from?

Where does it go?

Why must we protect it?

In Antoinette Portis' book, a young girl explores her surroundings and sees that water is everywhere. But water doesn't always look the same, it doesn't always feel the same, and it shows up in lots of different shapes. Water can be a lake, it can be steam, it can be a tear, or it can even be a snowman.

Just as the girl discovers water in nature, in weather, in her home, and even inside her own body, water comes to life, and you'll begin to imagine all the places that you've experienced water - in any form!

Listen and read along with:

- Hey Water
- All the Water in the World

CREATE AND SHARE

- Draw pictures of the different shapes of water that you've experienced in your environment.
- Label your pictures with letter sounds that you hear.
- Share your drawings with someone.

GO BEYOND

What can you do when water freezes? Have you ever tried painting with ice? Try it [here](#).
