

BUILDING YOUR READING STAMINA

READING TO YOURSELF

Readers use strategies to make sense of what they read, hear, and view.

Stories can be told through pictures and words.

EVERY DAY
is a reading day!

GATHER MATERIALS

- Any books that you have at home, from the public library, from friends or family, or from the online learning resource links [here](#).
- Your Readers notebook or a piece of paper
- Writing and drawing tools

READ!

We are going to continue to work on building our "reading stamina" and increase the amount of time we spend reading each day. Remember, there are 3 ways to read a book? You can:

Read the Words

Read the Pictures

Retell the story

- CHOOSE the books you'd like to read.
- WATCH [video 4](#) "Read for 10 minutes" and think about the reading behaviours you need to practice to continue building your skills.
- You may choose to graph your reading minutes on a chart if you'd like.
- Start reading!

GO BEYOND

- Draw a picture about the book you read. You could draw about your favourite part or if you are reading a non-fiction book, you could draw what you learned.

Parent Corner

Remember:

- Reading is the most accessible and beneficial learning activity you can provide your child.
- It takes time to build reading stamina.
- Encourage your child and celebrate what they can do.
- Go slow! Talk to your child about what they are reading, the number of minutes they read, and what they like about reading.
