

**Lesson Focus:** Climate shapes how people live

**Materials:**

- Internet access for videos

**Invitation to Learn:**

In this lesson you will learn how climate is a factor in shaping people's daily lives.

**Watch this video.**

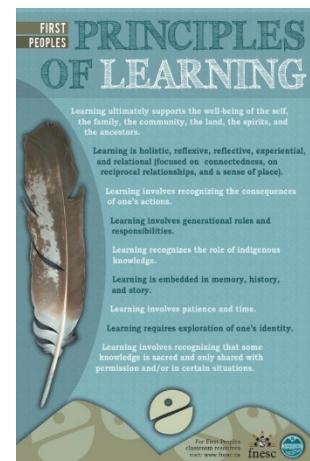

**Climate for Kids – Types of Climate.** [https://www.youtube.com/watch\\_popup?v=iA23Sm-HI4I](https://www.youtube.com/watch_popup?v=iA23Sm-HI4I)

**Ask:**

- What is the difference between weather and climate?
- What factors affect climate in different regions?
- List the types of climates.
- What climate do we live in (along the Pacific coast)?
- What climates are part of Canada? (Hint: look at the world map in the video)

### **Learning from First Peoples**

Living in balance with the land, First Peoples in Canada understand climate change as it affects community, traditions and way of living.

## Grade 3 Social Studies: March 1 – March 5 2021

---

### Notebook Time:

British Columbia contains a large number of climate zones. They all support a variety of ecosystems. This impacts how people live on the land.

Read and learn about Climate and its impact on people and the land.
